To Whom It May Concern:

The American Meat Institute Foundation (AMIF) is a non-profit research, education and information Foundation established by the American Meat Institute. AMIF's policy is to pay only for costs directly associated with the project. AMIF does not pay indirect costs related to permanent equipment, facilities, supplies, personnel and full-time faculty salaries.

Please be aware that, absent statutory prohibitions, any patent rights that derive from the research AMIF is funding should be identified in the agreement as the property of AMIF. Finally, please ensure that any agreement submitted for our review contains a mutual indemnification provision or a provision declaring that your organization carries sufficient liability insurance to protect AMIF.

Sincerely,
